That's precisely why he has been invited to conduct the 2nd Annual Champ Camp at Bullard High School. Jason also knows a thing or two about what colleges look for in building strong and successful volleyball teams. His knowledge in both areas will be catalyst for the 2009 season. Coach Hopkins has coached several All – American volleyball players and has experienced success from his very first year at Brookhaven.

The members of the Lady Bears volleyball team are the defending Metro Athletic Conference Champions for 2004, 2005, 2006, 2007, and 2008. They were also back-to-back Division III National Champions in 2004 and 2005. They placed fourth at the National Championships in 2006 and third in 2007.

CAMP INFO

Thank you all so much for such a successful year in Bullard Volleyball! We could not achieve anything without the continuous support of our community, our parents, and our fans! We truly appreciate everything you do! CHAMP CAMP is new to Bullard Volleyball and has the potential to really give us the competitive edge. I feel that a fast paced summer camp like this one will reinvigorate our program and really ignite a new level of game play, strategy, and technique that will help Bullard Volleyball achieve its highest goals. The camp is designed to accommodate different levels of skill and will focus on team building, position skills, and work that accelerates the performance of its participants. UIL rules strictly prohibit my participation in CHAMP CAMP. However, if you should need to discuss anything with me, I will be on campus throughout the week preparing for the upcoming season. Let's get ready for any amazing year for Panther Volleyball.
